Pilot Alone Survives When Fourteen Others Perish In Air Liner Crash Near Fargo

Blame Fog and Mist for Smash-Up Early This Morning on Flat Prairie; Aviator Thrown Clear, Suffers Only Shock

Moorhead, Minn., Oct. 30—(AP)—Trapped in a fog and mist, a Northwest Airlines plane crashed within two miles of its objective early today. Fourteen persons died in the impact and flames that immediately engulfed the wreckage. Only survivor was Captain Clarence Bates, pilot, thrown clear as the big liner struck the earth a glancing blow, bounced 100 yards and then piled up.

Captain Bates suffered only from shock but physicians would permit no one to talk to him. The St. Paul dispatcher said he last heard from the plane, westbound from Chicago to Seattle, at 1:54 a. m. (CST). It then was over the Fargo airport, descending at 2700 feet.

Making a routine instrument approach in weather described on the surface as "thick" with a freezing temperature, the pilot next should have reported when he sighted land.

Scene of Crash
The dispatcher vainly tried to contact the plane at 2:00 a. m. Ten minutes later, police telephoned that a plane had crashed. Scene was two miles from the Fargo airport, or about one mile north of the city limits of Moorhead which adjoins Fargo.

The two cities are separated by the Red river which is the state line between Minnesota and North Dakota.

The crash occurred on a flat prairie. Captain Bates, dazed, was found wandering in a field by motorists attracted by the flames. There apparently were no witnesses to the catastrophe.

Motorists See Fire
One report was that Captain Bates had to be restrained from trying to climb into the wreckage to rescue the victims. This information came from Charles Bailey, O., and Eveline Berg, Fargo beauty operator, enroute home from a suburban night club when they saw the fire.

Miss Berg who accompanied Bates to the hospital, said he apparently tried to tell what happened enroute. Bob Daniels, local advertising man who also rode in the ambulance, said Bates mumbled something about the air speed indicator not working and about controls not responding because of ice.

How Capt. Bates got out of the inferno alive mystified investigators. The original theory was that he was thrown out when the big liner struck the earth. Later some officials thought he might have clambered through the escape door.

Bates Is Examined
Bates, himself, had recovered from shock sufficiently to permit more thorough examination in the hospital. While he was being wheeled into the x-ray room, Bates exchanged greetings with reporters but refused to discuss the crash.

Meanwhile, private investigators had determined that the plane circled over the Fargo airport before the crash. It was reported to have come in as is customary in making an instrument approach and then swung back as if to make the landing. That swing never was finished. Estimates were that the plane was above 5000 feet.

Ag Committee Lists Classes For Exhibit

The agricultural committee of the Dixon Chamber of Commerce today announced the classes for the 1941 corn, grain and home economics show to be held in the Rodesch building on Saturday, Nov. 8. Clara White and Miss Lamore will serve as judges of the home economics department which will be in charge of Miss Marion Simpson, county Home Bureau supervisor.

All classes must be grown from 1941 crops and each entrant will furnish containers for peck samples. Entries will close at 9 o'clock on the morning of the show, the classes being as follows:

10 ear hybrid yellow corn; 10 ear hybrid white corn; 10 ear open polenta yellow corn; 10 ear open polenta white corn; peck shelled yellow corn; peck shelled white corn; peck of wheat; peck of oats; peck of soybeans; peck of potatoes; plate of eating apples; plate of cooking apples; pumpkin pie; Hubbard and acorn squash and pears.

Russians Beat Back Germans in Drive On Soviet Capital

Soviet Troops in South Regain Strategic Heights Today

(By The Associated Press)
Russia's armies were credited in front-line dispatches today with throwing the Germans back across the Nara river, some 50 miles southwest of Moscow, while on the southern front, Soviet troops were declared to have won strategic heights guarding the route to Rostov-on-Don.

Tass, the official Russian news agency, said the Germans tried repeatedly to cross the Nara but were beaten back.

Counter-attacking Soviet troops then stormed across the river, Tass said, and entrenched themselves on the south bank under heavy fire.

Slowed down in their land offensive against Moscow, the Germans sent more than 300 planes in mass assault on the U. S. S. R. capital yesterday, the Soviet radio said.

"It was the biggest attack carried out so far but was exactly as unsuccessful as all previous raids," the radio declared, adding that 39 Nazi planes, a record, were shot down.

Air Attacks on Moscow
Big-scale aerial attacks on Moscow have been underway for several days, it was reported.

Adolf Hitler's high command, silent on operations around Moscow, asserted that German troops were now swarming into the upper Donets river industrial basin on a broad front.

On the lower reaches of the Donets, however, the Russians claimed they had stopped the Nazi onslaught, that picked detachments of Hitler's elite guards massed around Rostov "have been marking time for several days," and that German tanks were being used as stationary fortresses in an attempt to hold gains.

Reds Stand at Rostov
While the Germans advanced in the north, in the Kharkov sector, it was apparent that Soviet Marshal Semion Timoshenko was making a supreme stand to defend Rostov and thus prevent the Nazi armies from turning the Rostov "corner" southward into the Caucasus.

Says U. S. Must Be Prepared 50 Years

Officer in Medical Corps Forecasts Gloomy Picture

Louisville, Ky., Oct. 30—(AP)—The United States is faced with the necessity of a 50-year program of preparedness.

That was the forecast today of Brig. Gen. Frederick F. Russell of the U. S. Army Medical Reserve Corps who said the picture of such a defense effort was far from bright.

In a report to the annual meeting of the Association of Military Surgeons through its official journal, Russell said the Americas must not only be prepared to fight the present generation of German soldiers, but also "Hitler's brood"—children and grandchildren now fighting for the domination of Europe.

Between 1,000,000 and 2,000,000 young men between 18 and 25 years of age have been born since the close of the last war and have been nursed on the Hitlerian ideology of German domination of the world, Russell declared, and are fanatics in carrying on this ideology.

Sees No Hope in Nazi Defeat
Many of the German soldiers now fighting in Russia will survive.

STEEP INCREASE IN SOCIAL SECURITY TAXES IS ASKED

Washington, Oct. 30—(AP)—Secretary of the Treasury Morgenthau announced today a program of steep increases in Social Security taxes would be ready for congressional consideration within the next two months.

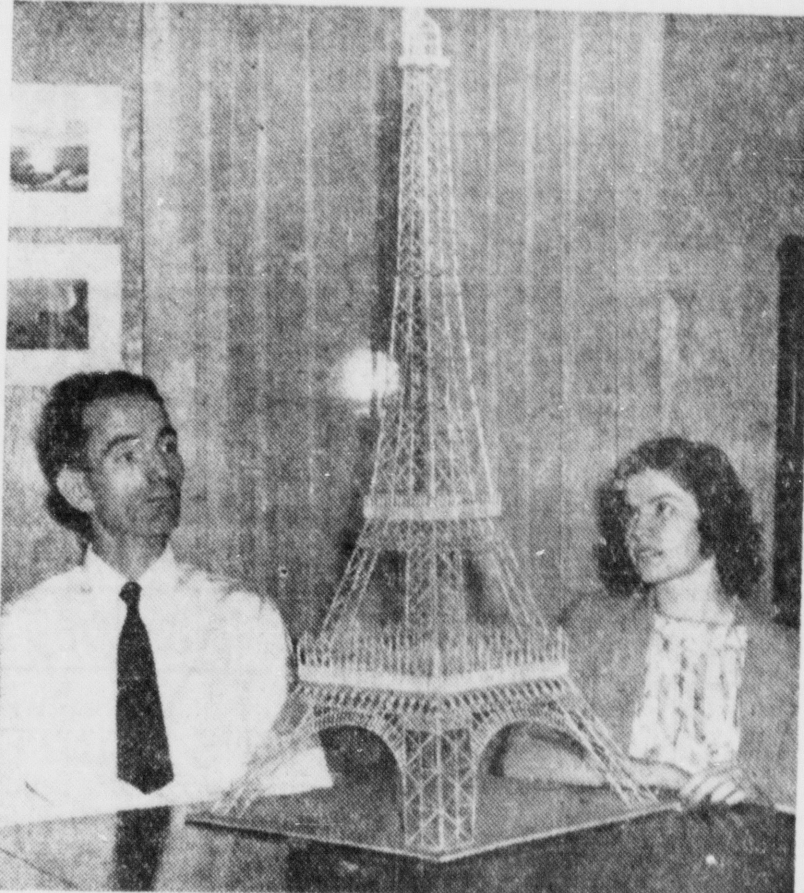

He declined to give proposed new rates, but disclosed at a press conference that the size of the increases would be geared indefinitely "to mop up the extra money in people's pockets for which there will not be goods to buy."

In some authoritative circles it has been reported Morgenthau favors increasing the employee's old-age pension tax from 1 per cent to 5 per cent of his pay check.

Morgenthau, however, said he was "not satisfied yet with the plans and not ready to give out figures."

The steepness of the proposed increase was emphasized by Morgenthau when he related that he and Federal Security Administrator Paul V. McNutt had agreed that the new tax rate should be based, not so much on the actual needs of the Social Security program, but upon the need of the government to prevent inflation and also to finance the defense program.

Towering Toothpicks

Mr. and Mrs. Noble May, 1002 Long avenue, are shown with their own handiwork, a replica of the famous Eiffel Tower in Paris, France, which they constructed of toothpicks. More than 3,000 toothpicks were used in building the tower, which was erected in sections, then joined with a special waterproof glue.

Many of the toothpicks were cut into quarter-inch lengths to form the railings and arches around the two lower sections. Mr. and Mrs. Noble spent about 75 hours of their spare time at their home during the late summer months in building the tower which is 16 inches in height and is mounted on a base measuring 18 1/2 inches square.

Eleven Applicants Seek Appointment To Fill Two Township Offices

BULLETIN

T. J. Miller, Jr., 423 North Galena avenue, was appointed this afternoon to fill the unexpired term of Assistant Supervisor Leon A. Garrison, who was elected last spring and resigned recently. Frank C. Sproul, 509 East McKenney street, north side grocer and former member of the board, was named to fill the unexpired term caused by the resignation of Albert Ruggles, also resigned, whose term expires in 1943.

There were 11 applicants for appointment to fill the vacancies of two assistant supervisors of Dixon township, who were to be named at a closed meeting of the town board this afternoon at 2 o'clock at the office of Supervisor D. H. Spencer. The applicants whose names appeared upon the ballot to be voted upon by the members of the town board were: Clinton C. Emmert, Arthur Hoban, J. Fred Hofmann, William H. Hoon, Frank Hughes, Theodore J. Miller, Walter Ortigues, Lee F. Redfern, Paul Soderger, Frank C. Sproul and James C. Wadsworth.

Germans Abroad Are Being Urged to Aid In Fight on Russia

Report Nazis Compelled To Call Workers For Front Line Duty

New York, Oct. 30—(AP)—Trustworthy advisers reaching the Associated Press today said that Germans abroad, some with homes and businesses in foreign countries, had been called to Germany in recent weeks to fight on the Russian front.

About 300 in small groups left one country in the past few weeks. The friends of one man who left three weeks ago have received word already of his death in action.

Apart from those advisers, the British radio said that Germany had been compelled also to draw workers from war industries for service in the fighting line and

Former Dixon Trucker Sentenced To One Year

Harry West, 50, former Dixon trucker, pleaded guilty to an information charging him with the larceny of an automobile belonging to Richard Dykema of Fulton, when arraigned before Judge Grover Gehart in the county court today.

He was sentenced to serve one year at the state work farm at Joliet and pay a fine of one dollar and costs of the suit. West was returned to Dixon last evening from Clinton, Ill., by Deputy Sheriff Leroy Bates and Police Chief J. D. Van Bibber.

Clause in Bunnell Will Provides For Double Tragedy

Testaments of Dixon Couple Filed Today With County Clerk

The wills of the late Attorney Elwin M. Bunnell and his wife, Lydia, who were victims of a tragic automobile crash near Knoxville, Tenn., on Oct. 4, have been filed with County Clerk Sterling Schrook and are to be presented for probate on Nov. 3rd. Both wills were drafted on the same date, July 27, 1934.

In the will of Attorney Bunnell, a clause was inserted which provides, "in the event that my wife and I shall die at the same time or under such circumstances that it cannot be determined which died first," he appoints his mother, Mrs. Clea W. Bunnell as guardian of the minor children. The inventory of his estate lists personal property valued at \$1,500 and real estate of the value of \$15,000, naming his wife as beneficiary.

Mrs. Bunnell's will contains the same clauses as appears in that of her husband, the inventory listing personal property valued at \$700. Attorney C. V. Glosser is to be recommended to the court to be appointed guardian ad litem for the four children, Elwin L. Marshall W., Constance and Elsie May.

Kearny Was Helping Rescue Convoy When Attacked, Navy Says

Department Adds New Details to Story of Torpedoing

Washington, Oct. 30—(AP)—The U. S. S. Kearny had rushed to the rescue of an embattled convoy and was helping to beat off a mass U-boat attack when she was torpedoed, the navy repeats.

The department added the few new details to the Kearny's yet unfinished story last night. It also released official pictures of the wounded ship as she made an unnamed port, her beams bent and twisted, her plates torn by the force of the torpedo's explosion.

The Kearny, so the navy reported, was escorting one convoy of merchant ships on the night of Oct. 16 when she received distress signals from another convoy nearby that was being attacked by several submarines.

Speeding to the scene, 350 miles southwest of Iceland, the Kearny began dumping depth bombs as the attack on the convoy continued. One torpedo missed her, passing ahead. A second miss went astern, but the third struck her amidships on the starboard side, well below the waterline.

Tore Gaping Hole
The explosion tore a gaping hole in the side of the destroyer at a boiler compartment and a hole upward through the steel deck above, showering the bridge with wreckage. Eleven men were killed and ten injured, two seriously.

Almost cut in two, the Kearny was forced out of the engagement, but the prompt action of her skipper, Lieutenant Commander A. L. Danis, was credited with keeping her from going to the bottom.

Danis was strained and worn when the destroyer made port. One of the pictures released shows him haggard and unshaven, standing beside a twisted bulkhead.

Other photos show the Kearny, riding low in the water, being helped into harbor by a sister destroyer, and details of the torpedo's damage. Some walking wounded appear in the pictures.

The account led to the belief that the ships the Kearny was originally escorting either were empty headed for North America ports, or were considered reasonably safe from attack at the time.

Grain Men Believe Reds Lacking Wheat

Imports May Be Needed To Feed Russia's Millions

BY FRANKLIN MULLIN

Chicago, Oct. 30—(AP)—Grain men, poring over war maps to see how much of the rich Russian agricultural land has been engulfed, expressed belief today that the Soviet union, world's biggest wheat producer, has become "wheat-deficient."

By this they meant that if Russia is to continue to feed her millions their accustomed amount of breadstuffs, imports will be necessary.

This is the most important change in the world's wheat picture since the war began, market experts said, except for the cutting off of most of Europe's continental importing nations from the international market. The wheat market has received calm, what in normal times would be considered somewhat sensational reports that Russia already is taking delivery of Canadian wheat, either trans-shipped through Britain to Archangel or via Vladivostok. This traffic has not been confirmed officially.

Announcement Of Truce Follows Talk With Taylor; Ends Threat to Steel Output

C. I. O. Union Chieftan Says Night Shifts May Return Tonight; Others to Resume Work Soon

BULLETIN
Washington, Oct. 30—(AP)—John L. Lewis said today the United Mine Workers had agreed for strike-bound captive coal mines to re-open at once and "for a period terminating Saturday, November 15th" to go along with President Roosevelt's recommendations for mediating the controversy.

No termination period was given by Lewis when he first announced acceptance of Roosevelt's fourth appeal that the 53,000 men who dig coal for steel mills be set to work.

Washington, Oct. 30—(AP)—John L. Lewis announced today that the United Mine Workers had accepted President Roosevelt's proposal for reopening the strike-bound captive mines and added that the men would return to work as fast as arrangements could be made locally.

In some areas, Lewis said, the night shifts may return tonight. Other mines, he asserted, could be reopened tomorrow.

Lewis made the announcement in the Mayflower hotel room of Myron C. Taylor, former board chairman of United States Steel corporation, which owns some of the captive mines. Taylor was standing beside the mine workers' president when it was made and said he was "very much gratified with the board cooperative attitude which Mr. Lewis had displayed in a difficult situation in time of great national peril."

Call in Reporters
Lewis and Taylor called in reporters after the mine workers' leader had conferred for two hours with district leaders of the UMW.

In his announcement of the agreement to return to work Lewis said that the union leaders had accepted the president's proposal "on my recommendation."

Roosevelt proposed in a letter to William H. Davis, chairman of the Defense Mediation Board, that the mines be reopened pending further consideration of the issues involved in the dispute, which affects 53,000 miners, by the full membership of the mediation board. Under the president's suggestion, neither side would be committed to accept the board's recommendation.

The principal issue in the dispute, which has threatened the supply of fuel for steel mills, is whether the captive mine operators shall accept the union's demand for a union shop, under which employees would be required to join the UMW after a period of probation.

Six Hour Conference
Lewis told reporters that the entire basis for the arrangement for reopening the mines had resulted from the six hour conference which he held yesterday with Taylor. Davis also attended this session.

In an oral statement to reporters Lewis said:

"Once again Mr. Taylor and I have been able to render service at a time of great national interest in a manner that has secured the gracious approval of the president. "It may be recalled that seven years ago in this hotel Mr. Taylor

Ottawa, Oct. 30—(Canadian Press)—The office of Prime Minister W. L. MacKenzie King said today that he hopes to make "a purely personal visit" to President and Mrs. Roosevelt at Hyde Park during the week end.

A secretary issued the following statement: "If Mr. King finds it possible to get away he hopes to spend this week end at Hyde Park as the guest of President and Mrs. Roosevelt, a purely personal visit."

He is expected to leave Ottawa by train tomorrow afternoon, accompanied only by a personal secretary. He will not take with him any officials or technical advisers under present arrangements for the trip.

While the personal character of the visit was emphasized officially, it was recalled that the prime minister's last visit to the president, at Easter, resulted in the "Hyde Park declaration" for pooling the economic and industrial resources of Canada and the United States for North American defense.

The other mission members are Edward Page of the state department's Russian desk and Dr. George K. Strode of the Red Cross. They planned to fly to Washington today.

Major A. L. Harvey, commander of the B-24 bomber, said reports the ship had thirty bullet holes in its wings as mementoes of its flight over warring nations were false.

"That story broke in Singapore and the fellow that wrote it did not see the ship or talk to any of the passengers or crew. It was apparently pure imagination."

The members of the mission all praised the Russian war effort and expressed the opinion Russia would fight as long as supplies could be made available.

EASTERN TOWN VOTES TO DO WITHOUT TAXES FOR A YEAR

Canterbury, Conn., Oct. 30—(AP)—They don't use the expression "as sure as death and taxes" in Canterbury anymore because there aren't any taxes. This Windham county agricultural town of a little less than 1,000 population has voted to do without them this year.

Mrs. Lillian Frink, town clerk and treasurer, sees nothing unusual in the situation. Says she: "We just have enough money in the treasury so why should we collect any more?"

The balance is \$15,500. The tax rate for the fiscal year just ended was 25 mills which seems rather high, but the assessments are away below actual valuation.

There were no votes against the no tax proposal at the town meeting, but some folks argued, anyway, that a small tax ought to be collected. The town's biggest taxpayer (Mrs. Frink didn't identify him further) said it might be hard to get people to pay taxes again after the cash balance is depleted.

Real sufferer from the situation is Tax Collector Christian Kerr whose pay is a percentage of the taxes he collects, but he said he didn't mind if it made his neighbors happy.

In the first seven months of 1931, U. S. railroads put in service 43,243 new freight cars, as compared with 40,116 for the same period in the preceding year.

Only 13 states had birth registration laws before 1910.

Almost one-third of the U. S. is forest land.

New passenger automobiles registrations for the first six months of 1941 totaled 2,467,000, as compared with the 1929 record mark of 2,155,000.

Gasoline service stations in 1936 sold nearly \$500,000,000 worth of auto supplies, grease and service jobs, food and beverages and over-night lodging.

About 60,000,000 automobile tires are sold annually in the U. S.

Montana is the nation's third largest state in area.

Revenue freight car loadings for the week ended August 16, totaled 890,374 cars, an increase of 19.8 per cent over the corresponding week in 1940.

A Thought For Today
We walk by faith, not by sight.—II Corinthians 5:7.

Faith, mighty faith the promise sees,
and rests on that alone; laughs at impossibilities, and says it shall be done.—Charles Wesley.

America's Slave City
It's all right to boast about American freedom as contrasted with the lack of liberty in Nazi Germany and Fascist Italy, but how about the city of Washington?
Its citizens are totally disfranchised. Not to speak of national elections, they have no voice even in their home affairs. They have taxation without representation. They are totally dependent upon the will and whims of Congress. And with congressmen and senators, Washington is a secondary affair. There are no votes to be gained by catering to Washingtonians.
Just as long as the people of the capital city cannot even get an increase in their police force without securing consent of congress, just so long will Washington be a helot metropolis.

Under-rating Women
Cosmetologists recently met and viewed with alarm. What they viewed and what alarmed them was that the American government said it was going to devote the great bulk of the country's metal supplies to the purpose of national defense. It might even starve industries which were considered non-essential.

That meant a probability that soon metallic containers for nail dyes, lipsticks, rouge and face creams and aluminum for permanent wave machines would be things of the past.
Wherefore the cosmetologists solemnly passed resolutions that beauty requirements should be given a high priority rating. One orator went so far in her eloquence as to assert that the whole question of women's morals was involved. She said the modern woman just could not get along without aids to beauty.
The assembled experts were probably too pessimistic. If the nation needs all the metallic supplies, inventive geniuses will probably soon find substitutes helpful to the beauty business.
As to women's morals being wrecked by lack of rouge to give an artificial bloom to their cheeks—to mere man it seems just the bunk.
The first American woman who came over in that famous immigrant ship, the "Mayflower," got along without any beauty aids. They were too busy doing their noble share in this country's story. So it has been whenever American women have been

called to face an emergency. They have always measured up to whatever was required of them. If the present defense effort causes waveless hair, rougeless cheeks and dyeless nails, there is a very strong probability that the women of today will live through the experience.
Nature will come to their aid. The wind will be the artist. It will beat a wholesome blush into women's cheeks and tousele their locks into the most enchanting whirls.
And—no bills to pay.

High-Hat States
Constitutionality of a California law, under which a resident has been penalized for helping an indigent to enter the state, is about to be tested in the United States Supreme court. Constitutionality of the law barring indigents might well be tested, too.
California did not get its start by barring paupers. In earlier times people went to California without having their pockets lined with gold, and were welcomed by the then democratic government of that area. These former indigents helped to make California what it is today. There is more wealth in California now than there was in 1849. The problem is for today's indigents to corner some of it.
California—and certain other states—arrived at their present unenviable legal status by the process of enacting laws providing board and room for those who could not pay for such entertainment. After a while such free handouts began to serve as bait—not for immigrants seeking genuine work, but for those seeking featherbeds.
In the early days it was not advertised that California would provide for any and all comers, whether they were prudent and thrifty or not. It was a land where men expected to find gold or starve. Those who found gold became cavalier dictators. Those who failed to find it either got jobs, went "back east," lived on charity, or starved.
California—and certain other states—have demonstrated that there are certain persons who will not work if they can live otherwise, at state expense. There are enough of them to ruin California. There may be enough to ruin the United States.

Naples' Fifth Column
The great Italian seaport and commercial city of Naples is in danger. The menace is a fifth column more damaging than any Italy's ally, Hitler, ever planted.
Night after night it guides British bombers to the city. With brazen openness it flaunts a light the queuing Englishmen cannot fail to see.
Mussolini knows all about it. His firemen are helpless. They can't put the light out. His secret police are stymied. They can't club this fifth column. They can't administer castor oil to it. No handcuffs and shackles were ever made that can curb it.
Naples' fifth column happens to be Mt. Vesuvius.

Dry cleaners report a shortage of coat hangers. Now maybe dad can get away with hanging his coat on the back of a chair.
This is one time when we can recommend that you be a "yes" man. Don't say no to the Red Cross.
Some women who say they suffer in silence may mean that when in silence they suffer.

SERIAL STORY

MURDER IN PARADISE
BY MARGUERITE GAHAGAN

THE STORY: Two murders at Paradise Lake renew the old romance between school teacher Mary O'Connor, vacationing there with her mother, Maudie, and reporter Dennis Flynn, sent down from the city to cover the story. Police are convinced sophisticated Herbert Card was killed by gangster Frank Veretti, although Card's death at first implicated Jeanie Morris, whom he had courted for two summers only to bring Margie Dixon to Paradise this year as his fiancée. Second mysterious death was that of Miss Millie Morris, Jeanie's stern spinster aunt, who kept locked in her heart the secret of a girlhood romance with someone who signed his letters "Kit." Other characters in the story are Lisa Holmes, Miss Millie's maid who stays on with Jeanie; elderly innkeeper Chris Gordon; local editor Tod Palmer, in love with Jeanie; Tod, Mary, Jeanie, and Dennis spend a pleasant evening in the city. The next day a third death deepens the mystery. Jeanie and Mary find Lisa's body hanging in the attic of the Morris home. Suicide!

WHAT OF TOMORROW?
CHAPTER XXII
It was an undiplomatic question to ask and the doctor was obviously glad when Officer Antler came in. But I had a hunch the doctor had made up his mind as to the answer even before he made the official autopsy in his role as coroner.
The law was in charge now and so the questioning began. I'm quite sure John Antler would have liked to put me in my place several times, but I wanted to be the first one to start, and since I had seen Lisa Holmes up there and Jeanie hadn't, it seemed only right I should begin.
I told them all I could, starting back with our trip to town the day before. It made it easier for Jeanie when it was her turn, not that there was any reason why one should not help her.
"You didn't look to see if she was in her room last night, then?" he asked, and she repeated that she hadn't. She also told again that Lisa Holmes had had no worries that she knew about, and that she hadn't seemed unusual except that she grieved for Miss Millie in her silent, tight-lipped fashion.
We didn't stay there much longer. The doctor said there were things to do up in the attic and if I wanted to take Jeanie home with me we could leave any time. "I'll lock up and bring the key. Might be just as well if you stayed some place else tonight—not here."

Tod had arrived at our house before we got out of the car which a police officer had turned into a taxi for our benefit. Tod had heard the news that Lisa was dead and his first thought had been to have someone to stay with Jeanie. Maudie told him I was already at the Morris home and then, after he had admitted there was more excitement over there, she had buttonholed him. I think he was almost as glad to get out of her clutches as he was to see Jeanie.
I MANAGED to get Maudie in the kitchen away from them with the promise to tell her everything.
"Suicide," she snorted. "I don't believe that and you don't expect me to because you don't believe it yourself."
"Well, I saw her hanging there with a rope around her neck," I said. "And it wasn't a pretty sight, either."
"Have you notified Dennis?" was her only answer to that one.
I hadn't, but Tod Palmer had, and Dennis was with us for dinner that evening. "Three times and out, you know. You girls have presented this lovely, restless community with three dead persons. Don't you think that's a pretty good summer's work? Why don't you go home now. Go home and rest up."
He was grinning, but the way he held my hands didn't make me feel he was fooling. His hands trembled and in back of that grin I sensed fear, and I'd never known Dennis to show fear. If it hadn't been for Maudie I think I'd have packed our things right then and headed for town. But Maudie said it was apparent we were the only observant ones around there.
"Maybe before the police are through they'll give credit where credit's due. They should vote us honorary members of the force," she said.
"Maybe they'll give you a gun to carry," Dennis said quietly. "I'll speak to Antler about it."
"Oh, indeed," Maudie looked over the top of her glasses at him. "The time we might have needed a gun was after the first or second murder. This is just a suicide, so why should we need a gun now? It is suicide, isn't it?" Her naive didn't fool Dennis or me.

TOD PALMER'S old jealousy stopped in front of the house and he came in. "She's asleep," I said, nodding to the bedroom where we had put Jeanie, who was now relaxed under the influence of one of the white pow-

NEWS BEHIND THE NEWS
By PAUL MALLON

(Distributed by King Features Syndicate, Inc., reproduction in whole or in part strictly prohibited.)
Washington, Oct. 29.—Repeal of the neutrality act constitutes a declaration of unlimited naval war against Germany, a war that can be carried right up to Nazi shores if the president wants.
First, at the start of this war, Mr. Roosevelt was only scouting our offshore territorial waters. Next he extended his defense patrol to an indefinite zone further out. Then he acquired the bases from Britain and moved his fighting zone out near the mid-Atlantic under a hemisphere defense theory. Lastly, he pushed upward into Iceland. Now the senate repealer proposes to take off all the limits and let him go as far as he likes.
While this must plainly mean war, unlimited naval and air war in the Atlantic, to every conscious man in the street, officialdom here expects it to be something considerably less. Of course it all will depend upon what Mr. Roosevelt chooses to do.
Off-the-record officials suggest all FDR wants now is to convey American merchant ships right up to British ports. Their safety, while loading and unloading, is supposedly to be left to British aircraft. In fact, they say, most American merchant ships are too busy in Latin America and the Far Eastern trade to be spared for this work. Consequently they reason that the psychological effect of the new program will be greater than the practical effect.
Their expectations are further strengthened by the fact that British ship sinkings were lower in August and September than in any other previous months of the war. Obviously the British did not require this step. Indeed, no practical necessity for it has been offered in any of the debates.
Nevertheless, the legal extension of our defense zone to the shores of Britain and beyond, entails the responsibility of fighting in that new area—the extent of fighting being restricted only by the remaining law against another AEF going out of this hemisphere and the president's undisclosed naval and air intentions.
Some mighty choice names are on that Dies committee list of supposedly subversive government officials who his being guarded more closely than Mr. Morganthau's gold pile. To give you an idea, those who have had a quick glance at it, have noticed the mention of no less personages than:
Robert M. Lovett, secretary of the Virgin Islands.
Paul Sifton, Bituminous Coal Commission.
Louis Appleby, under-secretary of agriculture.
The machinery of the government is apparently grinding to get out all against whom subversive activities can be proved, but it may grind exceedingly slow. Rumors and counter-rumors that many have already been required to walk the plank are in circulation, but the situation is far from that yet.
The Dies list of 1124 federal employees has been turned over to the FBI for the fullest investigation. The FBI has reports from other quarters mentioning many other employees and they are being investigated. The Dies list is not considered official proof upon which to act. It names only those connected with communist front organizations, often masquerading as innocent peace outfits. When

The only honest, objective disclosure of the trade secrets of Washington reporting and censorship that I have ever read is Delbert Clark's new book Washington Dateline. Others have tried the subject but always with preconceived notions of what they wanted to prove. As a result they produced the distorted picture they sought. Here is a New York Times desk man (they are always more objective than reporters) who has seen the game of news and censorship played every night for 20 years. He knows all the tricks and tricksters, and he exposes them with a devastating factual sincerity and a deep love for the good of the game. His work will become the standard text on the subject for many years to come.

Legions
Legion Auxiliary—Members of the Lee County Council, American Legion Auxiliary, met for a scramble luncheon on Wednesday at the Loveland Community House. Plans were discussed for sponsoring a veteran craft sale, and for entertaining veterans at the Dixon State hospital at Thanksgiving time.
The following program was presented: Piano duet, Mrs. Ruth Emmert and Mrs. Cecile Jones; reading, Mrs. Ann Raffenberg; solo, Mrs. Cecile Jones, accompanied by Mrs. Ruth Emmert; readings, Mrs. Ethel Trotter; song, Mary Elaine Drew, accompanied by Mrs. Kenneth Selier; community singing, Mrs. Ethel Fitzsimmons, led by Mrs. Ora Lenox.
The entertainment committee included Mrs. Ethel Fitzsimmons and Mrs. Marie Hettler. Members were present from Dixon, Lee Center and Amboy.
The next meeting has been scheduled for March 1 at Amboy. Past Presidents have been invited to meet at the home of Mrs. Marie Hettler on Tuesday, Nov. 4.

How to read an ad

By George B. Anderson
"Institutional" advertising, designed to sell the merits of an organization or a product to the public, has been used by manufacturers for many years. Another kind of institutional advertising was born during the depression, its purpose to improve relations between a company and its employees and townsmen.
There were new problems—labor trouble, layoffs, salary cuts, regulation of wages and hours. Advertising was asked to help do a job, and it answered the call.
This same type of advertising is now explaining major problems of defense orders to workers in many factories. Managers of factories rightly feel that they need the support of their employees and the communities in which their plants are located. They know they are entitled to that loyalty. So what? So they tell the story in advertising, getting it to all the people they want to reach, quickly and at minimum cost. New workers are being made familiar with company policies and are learning why certain business operations are conducted as they are.
As industry educates its workers through newspaper advertising, defense production is stepped up and labor troubles are cut.
You see, advertising has more to do than sell merchandise. It is the voice of business, and when business has anything to say it says it through the printed word. Business speaks through advertising because it has learned that advertising is the quickest, most effective, most economical way to reach the people upon whom its success must depend.

Deaths

Ashton, Dixon Talent Wins in Harmon Contest

Musicians, dancers, baton twirlers, and readers from Dixon, Ashton, Sterling, Franklin Grove and Harmon participated in a successful Amateur Night program sponsored last evening by the Harmon school faculty, headed by Miss Olive Stoffregen of Oregon, principal. A capacity audience assembled in the Harmon school auditorium for the entertainment, which was applauded enthusiastically.

Mrs. George Ross, Willard Jones, and Mrs. Myrtle Bishop composed the jury of judges to select the winners in the entertainment contest, and the excellent performance by each contestant made their task a difficult one. Donna's Accordion band of Ashton, composed of seven-to-10-year olds, won first honors, and Harold France of Dixon, a young cornetist, placed second.

Elwin Wadsworth of Dixon presided as master of ceremonies during the program, which included the following numbers:

Piano duet, Mrs. Eva Wadsworth and Miss Elaine Kranov; vocal selection, Lorraine Smith and Ruth Smith; trumpet solo, Junior Lehman; tapdances, Jo Anne Cleary and Anita Hopkins; accordion selection, Joseph Vener; vocal selection, Mrs. Elva Kugler; tap dance, Lorraine Lehman; cornet solo, Harold France; Dixon trio, Trudy Previtt, Virginia Dodd, and Georgia Bell Jewett.

Son of Former Dixon Couple Weds in Kansas

The altar of the Guardian Angel Catholic church in Kansas City was screened with candelabra, palms and white chrysanthemums in tall standards for a wedding ceremony on Monday Morning, Oct. 20, in which Miss Margaret Mary O'Connor, daughter of the John J. O'Connors, became the bride of Lt. Robert Cahill Barry, son of Mr. and Mrs. Francis Barry of Kansas City, formerly of Dixon.

The Right Rev. Mgr. P. C. Culleton of Peoria, cousin of the bride, performed the ceremony. Mrs. Grace Nelson McTiernan sang, accompanied by Mrs. Joseph Enna.

The bride's gown of ivory faille was designed with a sweetheart neckline, long sleeves tapering to a point over the wrist, and a hoop skirt that extended into a long aisle-wide train. Her long veil of ivory bridal illusion was fashioned with a double circular cape, and was held in place with a cluster of valley lilies. She carried a prayer book and lilies of the valley with long ribbon streamers.

Catherine O'Connor, maid of honor, and Mary Ellen O'Connor, bridesmaid, sisters of the bride, wore dresses of bayleaf green taffeta faille, and carried cascade arrangements of bronze pompon chrysanthemums. Flowers of the same tones were arranged in their hair.

David Barry attended his brother as best man. Norman Bowes was groomsmen. John O'Connor Jr., brother of the bride, Edward O'Connor, John Barry and Harold Fetters were ushers.

A wedding breakfast at the Hotel Bellevue followed the wedding. Afterward, Lieutenant and Mrs. Barry left for a trip in the south. After Nov. 1, they will be at home in Manhattan, Kan.

The bride was graduated from the College of St. Catherine at St. Paul, Minn. in 1938. Lieutenant Barry received his degree from the University of Missouri in 1937.

Wayne Frazer Is Party Host

Costumed as a variety of characters, both weird and familiar, the guests attending last night's Halloween supper party given by Wayne Frazer became acquainted with each other all over again, and entered wholeheartedly into the evening's fun. A group of freshmen friends attended the party, held at the Frazer home on East Fellows street.

Music, square dancing and games occupied the guests after supper in the basement game room, with prizes for winners in the various events.

In this crowd of merry-makers were Charlotte Emmert, Lois Selgestad, Shirley Smith, Mary Keeney, Barbara Langan, Mary Helen Dunbar, Jimmy Love, Bill Wadsworth, Bob Camery, John Warner, Dick Brown, and the host.

CLASS PARTY

Halloween merriment predominated at a party Tuesday evening, when members of Mrs. Clara Shawger's Sunday school class held their monthly party in the Methodist church parlors. During a brief business session conducted by Miss Mila Wahnke, additional chairmen were appointed to assist with the annual class play, "Old Doc," to be presented Dec. 2 at the Loveland Community House.

The program included a group of humorous readings by Mrs. Mary Deutsch and community singing led by Mrs. Earl Slagle, with Mrs. Frank Randall assisting at the piano.

Those receiving favors in Halloween games included Mrs. Clarence Sproul, Mrs. F. L. Blewfield, Mrs. Phyllis Heckman, and Miss Wahnke. Refreshments were served at the close of the contests.

Leaves Much to Be Seen

This odd and eerie sight enlivened the scenery as the British Royal Army Medical Corps camouflaged two stretcher bearers and a "casualty" in practice rescue work.

Big Bag of Wind, but a Doughty Defender

This flabby creation is a fighter for Uncle Sam. The U. S. rubber industry has orders for a half billion dollars worth of the barrage balloons for guarding vital defense industries. British claim they do the job. General officials standing beside balloon give an idea of its size.

Gaping Hole Torn in Side of Kearny

[U. S. Army Signal Corps Photo: NEA Telephoto.]

Members of the crew of the U. S. S. Kearny looking at damage done their ship by a torpedo as they fought a submarine about 350 miles southwest of Iceland. The torpedo struck amidships, "on the starboard side in the vicinity of the forward fire rooms."

Hood-Winker

Baby Franklin Andre of Brooklyn giggles with glee at his carriage mate, only he doesn't know he's seeing himself. Or does he? Mirror built in hood convinces infant he's not alone while nurse talks to policemen in the park.

Business' Friend

Floyd Odium, head of OPM's Defense Contract Service, has told a Senate committee he has a plan to keep open the doors of firms thus far unable to get defense contracts.

October Blossoms

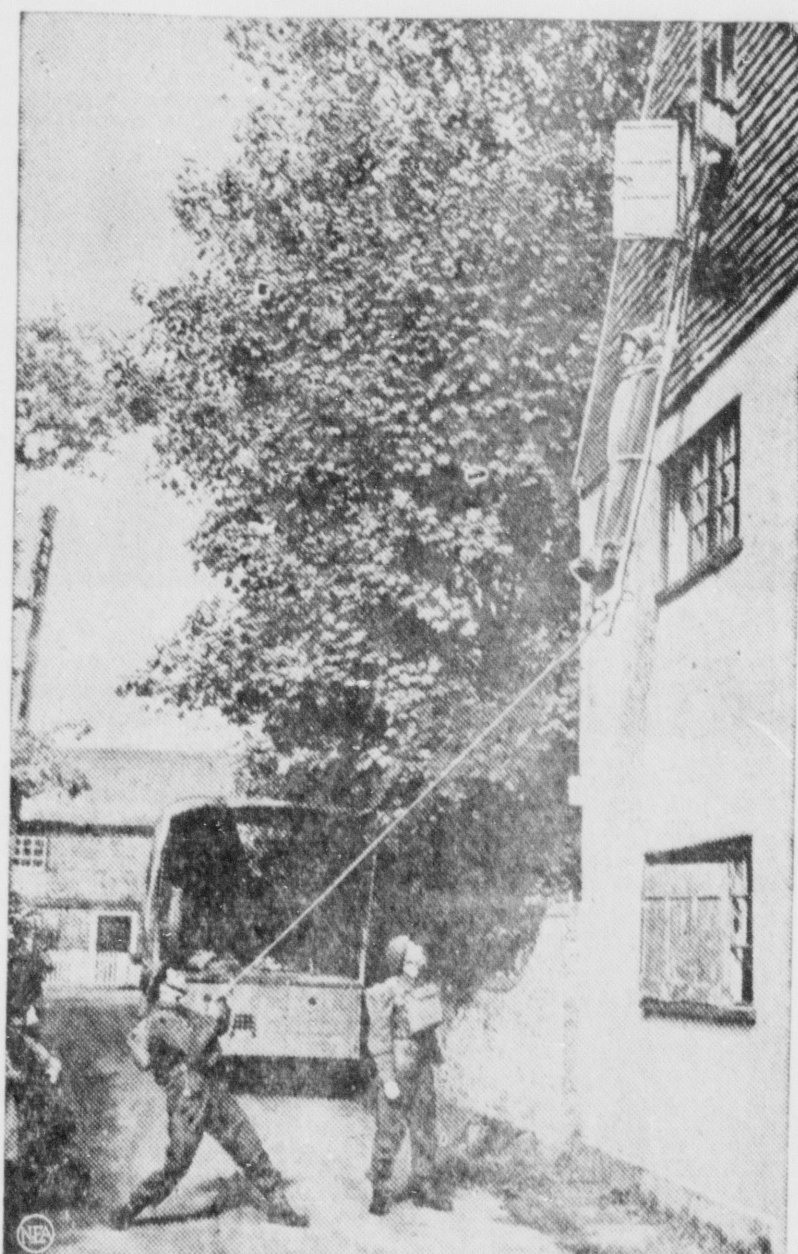

Washington's cherry trees blossom out of season because of high October temperatures, and Rennee Stuart dons bathing suit because of the heat wave.

Converted Corset

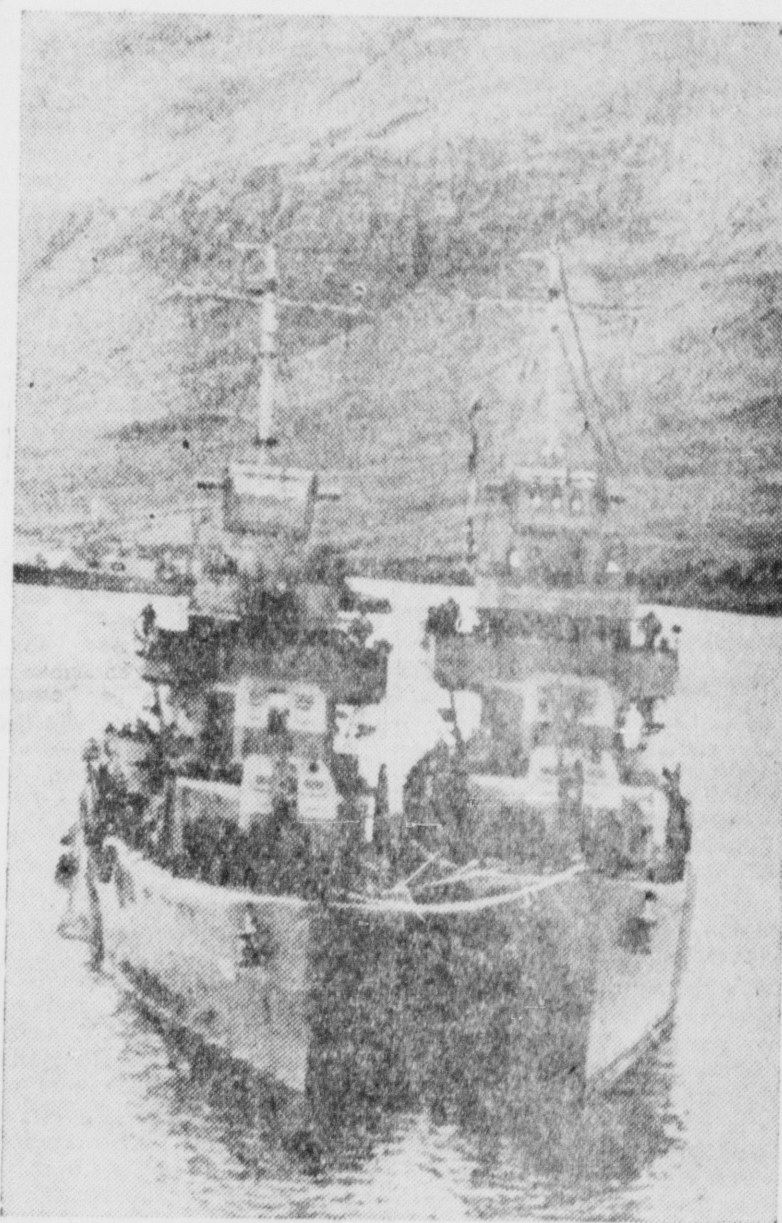

Girl worker from factory which once made corsets to rule Britannia's curves demonstrates inflated rubber boats now made by that plant to protect shot-down pilots from weather.

Height of Preparedness

Britons must keep on preparing for the worst. Here troops of the Royal Army Medical Corps practice lowering a "casualty" from a "bombed" house in which the stairs have been destroyed.

"Classroom Cockpit"

An important part of the ground training for prospective U. S. Army pilots is a thorough knowledge of the complicated instrument panels of the planes they learn to fly. Here an instructor at the "West Point of the Air," Randolph Field Texas, is introducing a class of U. S. Army Aviation Cadets to the workings of the BT-9, a basic training plane, by means of an oversized instrument panel model, called a classroom "cockpit."

"Another of the 'streamlined' methods whereby U. S. Army Aviation Cadets are trained to take their places among the finest pilots in the world is the use of 'classroom cockpits'—a kind of diagram-model of airplane instrument panels—for preliminary training in important phases of flight instruction," Sgt. Roy Shelton, Chamber of Commerce bldg., said today in discussing the speed-up technique the Army Air Corps has adopted to facilitate training of its thousands of new pilots.

"These 'classroom cockpits' are used to bridge the gap between theory and actual flying," Sgt. Shelton explained. "They not only quicken the beginner's understanding of the ships which he is going to fly, they are valuable safety aids by means of which ways to avoid costly and dangerous mistakes can be clearly demonstrated."

At Randolph Field, the "West

Point of the Air," pre-flight training includes the use of model planes, mechanical trainers and the "cockpits," all of which have a thousand uses for aviators and would-be aviators. When Cadets go up into the sky actually to fly airplanes they know in advance just what to expect and what is expected of them.

"The U. S. Army Air Corps is producing the biggest and the best Air Force in the world," Sgt. Shelton asserted, "and they are doing it with the most scientific and streamlined methods known to aviation."

In order to be eligible for Aviation Cadet appointments, young men must have completed two years in college, or must be high school graduates with the ability to pass tests in certain subjects. They must be in good physical condition, unmarried and between the ages of twenty and twenty-six years, inclusive.

Board Is Named to Mediate Dispute of Utility Workers

St. Louis, Oct. 30.—(AP)—The wage increase dispute between the independent Tri-State Utility Workers' union and the Union Electric Company will be arbitrated by a board comprised of Alexander S. Langsdorf and Wade T. Childress, both of St. Louis, and Frank H. Wilson, Duluth, Minn.

The men were appointed last night by the National Defense Mediation Board. Langsdorf, dean of Washington University's school of engineering, will represent the public; Childress, president of the Columbia Terminals Co., management, and Wilson, member of the Brotherhood of Railway Conductors, labor.

The board is expected to conduct hearings immediately.

Agreement on local arbitration, under jurisdiction of the national board, came on the eve of the strike deadline set for 10 a. m. yesterday. The plan offered by the OPM was a compromise between the Tri-State Union and the company. The union had held out for local arbitration.

Had the compromise not been

has a special sermon in store for you. Those of you who have been regular in your attendance know that you will receive a blessing if you come praying and praising the Lord.

The W.S.C.S. will meet on Thursday at the church. All members and friends are invited to be present and on time.

There is a Sub-district meeting of the W.S.C.S. at Morris on Friday. Several of the women of the Steward Society are going to attend this meeting.

effected the walkout of the 3000 operating, maintenance and office employees would have halted industries working on hundreds of millions of dollars in defense contracts and affected electric power in 85 per cent of St. Louis and wide areas in Missouri, Illinois and Iowa.

The union is asking a 10 per cent increase and other concessions. The company has offered increases corresponding to those granted 755 AFL operating engineers following a strike threat last month.

The wage scale for the engineers now is 70 cents to \$1.43 an hour. The previous scale was 52½ cents to \$1.38 an hour.

Camphor, once imported, now is produced from turpentine and sells at one-tenth its former price.

Railway Clerk Loses His Knife; 15 Are Sent

Charlestown, N. H., Oct. 30.—(AP)—Missing his white-handled jack-knife, Railway Mail Clerk Charles W. Houghton figured it must have fallen into one of 14 sacks in which mail had been deposited. He mailed postcards to postmasters of 14 New England communities where the sacks were sent.

Within a few days, knives began arriving at the Houghton home; 15 knives, in all, came from 14 postmasters but none of them was the missing blade, so Houghton sent them all back.

A couple of days later his own knife was returned.

Judge Can't Decide Which to Put in Jail, Boy or Boy's Father

Davenport, Ia., Oct. 30.—(AP)—Federal Judge Charles A. Dewey wasn't sure for the moment "whether I ought to put the boy or the boy's father in jail," after hearing the case of George H. Hall, 19, who was indicted yesterday on a charge of violating the Dyer act.

Young Hall told the court he was on a furlough in St. Louis from the west coast artillery and that he took his father's car and drove to visit his mother. His parents are divorced. While he was in Beaver, his father reported the machine stolen and he was arrested near Burlington while returning to St. Louis. As a result he is awol from the army.

Finally, Judge Dewey sentenced him to one year and then paroled him for a period of two years to Robert Lappen, U. S. probation officer and he probably will be turned over to the army.

To Speak Here

The Rev. J. J. Bahuth, a full-blooded Arab, will speak Sunday afternoon at the fall meeting of the Northern Illinois Sunday School Teachers' Conference of the American Lutheran church which will convene at 2:30 in the Immanuel Lutheran church, corner 6th and Highland avenue.

Pastor Bahuth was born in the Holy Land. He is the son of the late Dr. Joseph Bahuth, M. D., and the nephew of the late Clemendus Bahuth I, Archbishop of the Roman Catholic Church to the Near East.

Educated in Jerusalem, Pastor Bahuth taught Arabic for three years in the Newman School of Languages in the same city, and one year in Shepherd's Field, the spot where the shepherds heard the heavenly host the first Christmas.

On August 28, 1935, he was ordained in Bethlehem in Christmas Lutheran church. During the four years previous to his coming to America, he served Arab Lutheran congregations in Bethlehem and Jerusalem.

Since his arrival in this country almost three years ago, he has spoken to large audiences on various political and historical aspects of the Holy Land, describing in detail the life, traditions, religions, and education prevalent there. His messages are challenging and cause his audiences to be more appreciative of the blessings, benefits, privileges, and religious freedom of this country.

Young Wife To Testify For Defense in Her Husband's Trial Today

Vandalia, Ill., Oct. 30.—(AP)—Mrs. Rosie Cahoon, 21-year-old wife of Neal Cahoon, elderly Fayette county farmer, was scheduled to testify for the defense today in her husband's trial in County court on a charge of assault with a deadly weapon.

Cahoon, 62, also is accused of falsely imprisoning his wife by chaining her in bed and testimony is scheduled to be heard later. This complaint was filed by Sheriff C. F. Cheshire despite the objections of Mrs. Cahoon, who said she did not want to prosecute her husband.

The state rested its case on the assault charge with the testimony of the three railroad section hands who filed the complaint. They said that on Oct. 4, Cahoon forced them, at the point of a shotgun, to make written statement purporting to admit intimate relations with his wife.

Cahoon took the stand in his own behalf and said his wife had accused the men.

Defense counsel W. T. Welker told the jury that Cahoon's action was "only that of a man protecting the sanctity of his home."

Rock Island Man Owns In Mississippi River

Davenport, Ia., Oct. 30.—(AP)—Harvey C. Daugherty, 24, of Rock Island, was drowned last night when he slipped on an oil barge and fell into the Mississippi river while the barge was tied to a dock near Bettendorf.

Daugherty came to Rock Island a year ago from Mendon, Ill., near Quincy. He was employed as a tankman for a Rock Island Oil company.

Poem by "Mother Shipton" Predicts History of Today

(Contributed by Lillian Austin)

One of the world's most wonderful poems was written by one of the most spiritual characters in history known as "Mother Shipton".

She lived in England over 500 years ago, and was a keen, discerning student of the prophecies of the Bible. She died in 1449—48 years before Columbus discovered America.

From her study of the Scriptures, she saw what was going to take place in the Twentieth Century or in later days and wrote it in the form of a most remarkable poem we have ever seen. It is copied below, exactly as written:

MOTHER SHIPTON'S PROPHECY 1449 A. D.

And now a word, in the uncouth rhyme

Of what shall be in the future-time

For, in those wondrous far off days

The women shall adopt a craze

To dress like men and trousers wear

And cut off all their locks of hair.

They'll ride astride with brazen brow,

As witches do, on broomstick now

Then love shall die, and marriage cease

And nations wayne as babes decrease

Then wives shall fondle cats and dogs

Men will live much the same as hogs.

A carriage without horse shall go,

Disaster fill the world with woe;

In London, Primrose Hill shall be,

Its center Eola a Bishop's See,

Around the world men's words shall fly

Quick as the twinkling of an eye.

And waters shall great wonders do—

How strange, and yet it shall come true.

Then upside down the world shall be,

And gold be found at the root of a tree.

Through towering hills proud man shall ride,

No horse nor mule by his side.

Beneath the waters men shall walk

Shall ride, shall sleep, and even talk;

And in the air men shall be seen,

In white, in black, as well as green.

A great man then shall come and go,

For prophecy declares it so.

In water iron then shall float,

As easy as a wooden boat.

Gold shall be found in streams and stone

In a land that is as yet unknown.

Water and fire shall wonders do (steam)

And England shall admit a Jew.

The Jew that once was held in scorn

Shall of a Christian then be born

A house of glass shall come to pass (The Crystal Palace)

In England—but, alas! alas!

A war will follow with the work

Where dwells the pagan and the Turk.

The States will lock in fiercest strife,

And seek to take each other's life!

When thus the North shall divide the South,

The eagle build in a lion's mouth,

Then tax and blood and cruel war

Shall come to every humble door.

Then, when the fiercest fight is done,

England and France shall be as one.

The British olive next shall twine

In marriage with the German vine.

Lamour Too Sure?

Cinema siren Dorothy must be pretty positive of her public to permit publication of a picture like this, snapped as she soaked her sarong for a poolside shot.

Men shall walk beneath and over streams—
Fulfilled shall be our strangest dreams.

All England's sons that plow the land
Shall oft be seen with Book in hand.

The poor shall now great wisdom know,
Great houses stand in farflung vale.

All covered o'er with snow and hail.
In nineteen hundred twenty-six

Build houses light of straw and sticks.
For then shall a mighty war be planned.

When pictures seem alive with movements free,
When boats like birds shall scour the sky;

Then half this world, deep drenched in blood, shall die.

But those who live to see (all this) through,
In fear and trembling this will do;

Flee to the mountains and the dens,
To bog and forest and wild fens.

For storms will rage and oceans roar,
When Gabriel stands on sea and shore.

And as he blows his wondrous horn
Old worlds shall die and new be born.

During 1938, 488 hunting accidents with 78 fatalities, occurred in Pennsylvania.

State Court to Be Asked to Rule on Voters' Law

Taylorville, Ill., Oct. 30.—(AP)

—The Illinois Supreme Court will be asked for an early ruling on validity of the new statewide permanent voters' registration law, attorneys in a test case said here today.

Counsel for both sides in the test suit agreed to seek a prompt Supreme court decision which would determine whether the revised registration act is constitutional before county clerks throughout the state are required to put it into operation.

The act directs downstate county clerks to register all voters under a permanent card-index system starting next June 8, in advance of the November, 1942, elections.

In the case pending before Circuit Judge Franklin R. Dove, a group of Taylorville business men seek an injunction restraining County Clerk Prentiss Fellers from purchasing equipment and supplies needed to enforce the law in Christian county.

Preliminary Arguments

Preliminary arguments were heard early this week by Judge Dove, and another hearing was scheduled today on the petitioners' plea for a permanent injunction. Whether or not the injunction is granted, an appeal could be carried directly to the Supreme court because constitutionality of a state statute is involved.

State's Attorney Thomas Sweeney, representing Fellers, and Charles E. Bliss, counsel for the petitioners challenging the new act, indicated the Supreme court might be asked to waive its rules in order to accept the case for hearing at the court term beginning Nov. 10.

Rules require filing of Supreme court appeals 20 days in advance of a term opening, but in a few cases the high court has agreed to give immediate consideration to cases considered to be of urgent, statewide importance.

Judge Dove concurred in the plans for an appeal, informing attorneys he believed his forthcoming decision on the injunction plea should be reviewed by the Supreme court.

Body of Hospital Fugitive Is Found in Corn Field

Manteno, Ill., Oct. 30.—(AP)

—The body of Norman J. Reynolds, 57, of Chicago, who escaped from the Manteno state hospital Sept. 12, was found in a corn field on the hospital grounds yesterday.

His throat had been slashed and a rusty razor blade lay nearby. Coroner Ed Madison termed the death a suicide.

Wildcat Gridder Runs Field and Scale With Ease

Evanston, Ill., Oct. 30.—(AP)

He plays a mean trumpet, French horn, piano, violin, harmonica—and he's a one-man band on the gridiron.

Step up, you football jitterbugs, and meet Otto Graham of Northwestern, who runs the yard lines with as much rhythm as he does the musical scale and is tooting one of the liveliest sophomore football tunes in the school's history.

He's 19 years old, this specialist in theme songs and touchdowns. His dad is band director at nearby Waukegan, Ill., high school. His mother is a church organist and his three brothers all are accomplished musicians, so it's obvious he comes by his musical talent naturally.

Good at Tootin'

He's good at tootin'—and equally as good at bootin', shootin' and scootin' with a football, as attested by a record of three touchdowns against Kansas State, two against Wisconsin, one against Michigan and two scoring passes against Ohio State.

That kind of pigskin symphony has made him one of the sophomore backs of the year. If he hits the right pitch Saturday against Minnesota, Northwestern likely will caper to a championship key in the Big Ten race.

"My mother and dad taught me rhythm through music and if I'm shifty out there it's largely because of the timing I learned through musical rhythm," says this handsome, wavy-haired youngster with an engaging smile.

In 1939, the government mint at Washington coined \$5,147,000 new dimes, in comparison with only \$0,852,000 the preceding year.

So tender, light and tasty made the Spry FULL FLAVOR way

"SCRAMPTIOUS, my husband, Calvin, calls 'em an' I don't wonder! The tart-sweet tang of the jelly blends to perfection with the delicate taste of the doughnuts. Ordinary shortenin's may 'mother' flavor but purer Spry lets you get the FULL deliciousness. Why not make some today?"

Jelly Doughnuts
2 cups compressed yeast
1/2 cup lukewarm water
1 teaspoon sugar
1/2 cup Spry
1/2 teaspoon salt
1/2 cup sugar
1 cup scalded milk
1 egg, beaten
4 cups sifted all-purpose flour
Jelly

Crumble yeast into small bowl. Add lukewarm water and 1 teaspoon sugar and set in warm place until it becomes light and spongy (about 15 minutes). Combine Spry, salt and sugar in large bowl and add scalded milk. Stir until Spry is melted, then cool until lukewarm. Add yeast mixture and blend. Add egg and mix well. Add flour and knead to a smooth dough.

Cover and let rise until double in bulk (about 2 hours). Form into balls 1-inch in diameter. Let rise in warm place until light, about 45 minutes. Fry in deep hot Spry (350° F.) until brown. (A square of bread turns light brown in 1 minute. Purer Spry fries without unpleasant smell or smoke.) Drain. When cool, cut a hole and insert about 1 teaspoon jelly. Makes 3 dozen.

THE FLAVOR SAVER

Weekly Food and Marketing Letter by Mrs. Emily M. Lautz for Dixon Telegraph Readers

It may seem early in the season to begin writing about turkey buying, cooking and eating, but plenty of people have been thinking about turkey every month in the year. In fact, it is not unusual in these modern days of streamlined, smaller turkeys, to find this popular food on the Fourth of July menu—a national day for a national bird.

Although it is early to predict holiday prices, all the North Atlantic states except Maine and New Jersey have increased their turkey production about 5 per cent over last season, with 2,229,000 birds of the 1940 crop in this group of states. In New York State alone 420,000 turkeys have been gobbling and growing rapidly, that number being 20,000 more than were raised last season.

The national production of turkeys in 1941 is estimated at 33,553,000 birds, compared with 33,463,000 raised last year, after allowing for the serious November 1940 storm losses in the Western states.

Although the increased numbers sound optimistic, the actual supply of turkeys for consumption throughout the country during the holidays will be about the same as last year for two reasons: First, Cold storage holdings September 1 were smaller than in 1940 by about a half million turkeys; second, more birds than last season probably will be held out of market to produce eggs for next Spring hatchings.

The failure to raise the number of turkeys that had been intended in the Spring is explained by the scarcity and high price of turkey eggs available because of the reduction in breeding stock last winter.

Smaller increases averaging about one-fourth pound in the weight of birds at market time is expected. Hens probably will

average about 12.3 pounds and toms about 19.0 pounds in the North Atlantic States, next to those in the far west, produce the heaviest turkeys. Current plans call for marketing a few days earlier than last year.

Even though your butcher is a tried and true friend, it is important to memorize certain marketing guides. The ability to recognize the earmarks of age and quality from the general appearance of each type of poultry will mean greater satisfaction in cooking, greater variety in methods of cooking and serving, and even greater economy in many cases. In addition to characteristics that indicate freshness and general quality, your selection should be based upon size, the way the bird is to be cooked and served and the time available for preparation.

All fresh undrawn poultry, whether freshly killed, solidly frozen and held in storage for several weeks or months and sold frozen, should have a clear, unblemished, broken and moist skin. Young birds have these characteristics: Fine, smooth, pliable and tender skin with some pin feathers but few long hairs; soft and elastic flesh, and a soft breastbone, easily bent at the end. Quick-frozen poultry is sold clean and drawn, ready for cooking.

As pointed out during the holiday season last year, the favorite test of the pliable breastbone can be misleading—if it already has been tested by too many critical customers. But the anxious buyer has been granted Federal aid within the last few years, so that she can approach the all important shopping with no cloud of anxiety.

Government-granted turkeys are labeled U. S. Prime, U. S. Choice and U. S. Commercial. Any home-maker who doubts her ability to select a turkey by pinching or by poking should be able to locate a market which carries the graded turkeys. If she invests in a 'prime' turkey, he will be sure of getting a decidedly superior bird.

Remember that one turkey is better than two! One large turkey means more meat and less waste than two or more small ones. The usual allowance is three-quarters of a pound of turkey to each person; if your family goes even further than "seconds," allow one pound.

Turkey bathing is a subject for dispute. The rule is to scrub it thoroughly inside and out; dry well with a soft cloth. Some cooks prefer only a brisk rub-down with a wet cloth, however the cold running water bath does not hamper the roasting qualities if the bird

appetite appeal for a whole square meal

Easy Pillsbury Recipe:

1. Sift and measure 2 c. Enriched Pillsbury's Best Flour; add 1/4 tsp. baking powder and 1 tsp. salt; sift twice. (Enrichment of Pillsbury's Best in no way affects flavor or baking quality, but adds two B-vitamins and iron your family needs every day.) 2. Cut in 1/2 c. shortening until quite fine; add 1/4 c. grated nippy cheese; mix well. 3. Add 4 to 6 Tbsps. cold water gradually, until dough is moist enough to hold together. 4. Roll 1/2 of dough for bottom; place in 9-in. pie pan. 5. Pan fry 1/4 c. chopped onion and 1/4 c. chopped green pepper in 2 Tbsps. butter; mix with 1/2 c. (1/4 lb.) each of ground cooked ham and veal. 6. Combine and add 1/4 c. condensed tomato soup, 1/2 c. milk, 1/4 c. fine dry bread crumbs, 2 eggs, un-beaten, 1/4 tsp. salt, 1/2 tsp. pepper. Blend well. Turn into pan. 7. Roll rest of pastry to 1/8-in. thickness. Cut into 12 diamond-shaped pieces. Arrange as illustrated; seal to bottom crust; trim edge. 8. Place pineapple slices on top; brush with melted butter. (Wait till you taste that tender, flaky, melt-in-your-mouth pastry!) 9. Hear the "Oh!" and "Ahh!" around your table! Then you'll know why it pays to use the flour that's baked-proved for your protection. Each hour during milling, samples of Pillsbury's Best are tested for creamy-white color... baking quality you can be sure of. Moreover, actual baking tests are made four to six times daily! 9. Bake in hot oven (450° F.) 10 minutes. Reduce heat to moderate (350° F.) for about 20 min. Cut in wedge-shaped pieces; serve with hot tomato sauce. Pillsbury's Best is more than just flour—it's the backbone of all your baking, an all-purpose flour you can rely on every time you use it! In golden biscuits, in bread, luscious pies, or tender cakes, Pillsbury's Best helps you bake the kind of foods you're proud of.

is not allowed to soak in water. Thorough drying is important. Giblets and neck need careful washing.

Personally, I have always advocated stuffing the bird the day before it is to be roasted. Not only does it reduce the morning rush and the "mental hazard" of anxiety, but it enhances the flavor, giving the stuffing an opportunity to really season the turkey.

Modern methods call for roasting on a wire rack in an uncovered roaster, with no water added. Use low-to-moderate heat. The larger the bird, the lower the cooking temperature. A turkey weighing between six and nine pounds needs two and one-half to three hours at 325 degrees F. A ten to thirteen pounder requires three to four hours at 300 degrees F., and a super-turkey for that big family reunion (weighing in the twenties) must stay seven or eight hours in a 250 degree oven.

Star "pupils" in cooking school do not need to be reminded that fowl is much improved by a thorough rub with pure shortening before it goes into the roasting oven. Another roasting wrinkle is the shrouding of the bird in a white cloth that has been dipped in melted shortening.

Use of this cloth does not prevent browning but it may be removed about one-half hour before the bird is done, this encourages crispness. The shortening does improve flavor and texture, with the result that the inner flesh retains moisture and sweatiness, and the skin does not dry out.

At the start of the cooking, the

gobbler cooks breast-side down, resting on his aldermanic stomach. He should be basted over the cloth with fat from the bottom of the pan or with extra shortening, if the pan seems dry. Large turkeys are turned over, breast-side up, about half way through the roasting process. They may be turned from side to side occasionally. Or they may be turned once each hour. Small turkeys do better if turned every half hour.

Here is a timing chart for roasting turkey:

7 to 10 pounds 300 degrees F. 30 minutes per pound.

10 to 15 pounds 300 degrees F. 20 minutes per pound.

15 to 20 pounds 300 degrees F. 18 minutes per pound.

Since the quality, age and other factors vary, any chart must be adapted to the "bird in hand."

MAJOR FIRE HAZARD IS "POOR HOUSEKEEPING"

"One of the major causes of fire is poor housekeeping." That announcement, coming during Fire Prevention Week in October, sounds unflattering and unfair at first glance, but the explanation from the National Fire Protection Association is understandable.

"Poor housekeeping," to a fire safety expert, does not mean that the furniture is dusty or that the windows need washing. It means that rubbish—old furniture, papers, clothes and many other things that people think they have to keep—has been allowed to ac-

cumulate in dangerous quantities in attics, cellars and closets. It means that oil dustclothes, mops and similar equipment are not kept in metal containers, and that other unsafe practices are followed. A fireman going through your house would spot them instantly.

Other major fire causes involve equipment and its abuse. Put defective or overheated heating plants, flues and chimneys at the top of this list. Have chimneys cleaned periodically and your heating plant inspected and repaired, if necessary, before starting the winter fires.

Defective electrical appliances and improper installations follow in importance. Use appliances that are tested and approved by the Underwriters' Laboratories, Inc., and have all extensions of wiring made by a licensed electrician.

When a fireman goes over your home, every frayed cord and loose socket will be looked at with critical eyes and repairs or replacements will be urged. He will also inspect your fire extinguishers and advise whether they need recharging; if so, be sure to follow the instructions on the container. Every Underwriters' approved extinguisher carries simple but definite instructions as to recharging.

Toadstools on your lawn usually mean that the soil is weak in minerals.

Stillman Valley Man Sets New Husking Record Near Polo

A new husking record for Ogle county was made by Maynard Bruns, Stillman Valley, in the annual contest held Saturday, Oct. 25 on the H. C. Shrader farm near Polo. Bruns husked 44.95 bushels in 80 minutes to win the county championship for 1941. This is the net figure after a deduction of 103 pounds was made as a penalty for gleanings and husks. Bruns was county champion two years ago with a record of 34.31 bushels and stood second in the contest in 1940.

Other contestants and their records were: Ben Adams, Stillman Valley 44.43; Geord Fruin, Oregon 41.70; Donald Pontonak, Polo 41.42; Fred Adams, Stillman Valley 41.07; Fred Nordham, Chana 39.70; Earl Brown, Polo 38.59; Edwin Bowers, Polo 38.50; Dan Rapp, Lindenwood 38.32 and Wm. Fruin, Oregon 37.80.

Prizes were awarded to all contestants including cash to each one and hybrid seed corn which was donated by the Lazier Seed Co., DeKalb Agricultural Ass'n., Pioneer Co., Blackhawk Co., McNeely Co., and Condon Bros. The Polo businessmen supplied the sound amplifier. All committees worked together to make a very successful event and the weather was ideal. The event is an annual project of the Farm Bureau.

Farewell Party

The Red Oak church members held a farewell party Tuesday evening in honor of Mr. and Mrs. Sam Pope who are moving to Belvidere to make their new home. About one hundred enjoyed a delicious scramble sup-

per at 7 o'clock followed by a social hour. Mrs. Henry Albrecht, president of W. M. S., had charge of the program. The program opened by all singing "There is Beauty in the Home". Scripture was read by Rufus Bacorn and Ed Burkey led in prayer. Poem—Mrs. Milton Burkey. Vocal duet—Mrs. Walter Baumgartner and Mrs. Marvin Ioder. A talk in the interest of the W. M. S. was given by Mrs. Ben Guither. Talk in the interest of the Brotherhood and the church by Verner Heaton.

Poem—Mary Hoffman. Talk by the Rev. E. M. Diener who also presented the couple with a chair and end table from the group. Mr. and Mrs. Pope both responded. Closing song, "Abide With Me" by the group. Prayer by Rev. Diener. The out of town guests were Mr. and Mrs. William Ioder of Ohio.

W. R. C. Meet

The Woman's Relief Corps met on Tuesday at W. R. C. hall. The meeting opened with incoming

march followed by the regular meeting. Mrs. Margaret Drew of Deer Grove was initiated in the corps. Mrs. Mary Lovegreen was installed as colorbearer No. 3. The meeting closed with furling of flags. Lunch was served by Mrs. Gertrude Whitver, Mrs. Mary Glafka, Mrs. Clara Carlson, Mrs. Grace Miner and Mrs. Pearl Young. The time cakes were baked by Mrs. Mary Lovegreen and Mrs. Flossie Bacorn. Plans were made to attend the district convention held at Prophetstown on Nov. 3.

Masons Meet

The Masons met on Tuesday evening for their regular meeting. At close of the meeting a social hour and lunch were served to members and their wives. Cards were played during the evening. The guests of honor were Mr. and Mrs. Fred Perkins who are to soon leave for their new home in

California. Lunch was served.

Bridge Club

Mrs. Mattie Barth entertained her bridge club on Tuesday afternoon with two tables at play. High score prize was received by Mrs. Marjory Harderson and low by Mrs. Donna Metz. Club guests were Mrs. Metz and Mrs. Carl Von Bukirk. Mrs. Murray Hassler will be hostess in two weeks. Dainty lunch was served.

Sewing Club

Mrs. Ernest Christensen entertained her sewing club on Wednesday afternoon with 12 members present. The afternoon was spent sewing and visiting. Mrs. Ivan Kreiger of Ohio was a club guest. Dainty lunch closed the afternoon.

Koffee Klatchers

Mrs. Francis Lowery entertained the Koffee Klatchers Wednesday

day afternoon at the home of Mrs. Irwin Mattes. Three tables of bridge were at play. High score prize was awarded to Miss Lorene Peach and low to Mrs. Elmer Fink. Mrs. John Whitver was a club guest. Dainty refreshments were served.

Locals

Among those to attend the Civic League held at Princeton on Tuesday evening were Mr. and Mrs. Roy Atherton, Mr. and Mrs. Clarence Hatland and daughter Mildred, Marilyn Bass, Mrs. Daisy Strauss, Mr. and Mrs. Tom Sergeant, Dr. and Mrs. A. N. Bolz, Mr. and Mrs. Harry Bolz, Mr. and Mrs. Ronald Wessell and Mr. Mrs. Everett Ganshow.

Mrs. Milton Burkey and Miss Carrie Hammerle were Princeton shoppers on Wednesday afternoon. Mrs. Rufus Bacorn and sister, Mrs. Olaf Reese of Dixon spent Thursday and Friday in Aurora

and Naperville. They will visit with Mr. and Mrs. Harold Collins of Aurora and in the George Guither home in Naperville.

Oscar Swan of New Bedford was a Wednesday caller at the home of his daughter, Mrs. Dewey Sousser.

Mr. and Mrs. Tom Sergeant were Wednesday afternoon shoppers in Sterling.

Farewell Party

The members of the Baptist church sponsored a farewell party for Mr. and Mrs. Myrt Rogers at the church recreation rooms, the event being held on Monday evening. Mr. and Mrs. Rogers will move in the near future to Mendota where they will be employed by Dr. and Mrs. Cook at their farm home. About 75 persons were on hand to enjoy the fine program, the games, group and other party activities. Mrs. Cloyd Carnahan was in charge of the program schedule while Mrs. Everett Linden was in charge of the refreshments for the entire crowd. The members of the Men's Council and the members of the G. G. G. class of the church presented Mr. and Mrs. Rogers with a motto table clock with the inscription, "Jesus Never Fails" inscribed in the wood. Their great many friends extend best wishes to the couple in their new home.

Birthday Party

Mr. and Mrs. I. J. Collins entertained a number of guests at the farm home north of town on Sunday, the event being in honor of Mrs. Charlene Buchanan's birthday. After the very delicious dinner served by Mrs. Collins, the group spent the afternoon in the usual social manner. Those attending the party were: Mr. and Mrs. Zene Johnson of Compton, Mrs. James Gallagher of Kingston, Mr. and Mrs. Ivan Florscheutz and son Kenneth, Mrs. Mae Gallagher and daughter Madelon and Miss Dorothy and Billy Buchanan.

Missionary Meeting

Tuesday afternoon the members of the Baptist church Missionary society were entertained by Mrs. John Fife at her home. The assisting hostess for the occasion was Mrs. Henry Faber. Regular business was taken care of, and following the business meeting a fine program was given and the lesson topic discussed. At the close the hostesses served dainty refreshments to the large number present.

David Chen Enjoyed

David Chen from Tsing, Shantung, China, who is at present attending school in Chicago, expressed his happiness in having the privilege of speaking here. He spoke of the cordiality of everyone and of their thoughtfulness of him. He had not been in Compton before but had been in Paw Paw previously. Mr. Chen spoke in Paw Paw on Sunday.

The churches took care of his expenses and also gave him a good gift of money to help him fit himself for Christian service in China. He hopes to return next year to do evangelistic work, preaching and teaching. He has a wife at home who is still in the Japanese occupied territory.

Rev. Chen described the average farm home in his province as a mud-walled one and sometimes with two rooms and a thatched roof. Winter temperatures are often 10 below and no heating stoves causes them to pad themselves with cotton batting to keep warm.

He contradicted the statements that China does not want missionaries. He said the progressive China of today is the result of missionary work. The people are especially anxious in these troubled times to learn of Jesus Christ. It was brought out that American money is sometimes worth more than ten times its value here, and that a Chinese will live on one American dollar per month. He

brought out the fact that American help can aid immensely in saving the democracy of China.

To Speak Here

Rev. Aronson, former communist and Jewish Atheist and now head of the Hebrew Christian Alliance of America, will be the guest speaker at the Paw Paw Baptist church on November 9th. Everyone is welcome to come and hear this inspiring speaker.

Arthur Coss, son of Mrs. Anna Coss, who has been inducted into army service, will be stationed in training at Camp Roberts, San Miguel, California. His exact address will be printed as soon as the government cards are sent out. Arthur will be glad to hear from all his friends in town.

NEED FOR INVESTORS' ORGANIZATION EMPHASIZED BY PRESENT-DAY TRENDS

Investors are coming to realize the imperative need for them to organize in order to prevent the complete wiping out of their investments, which in some cases represent the savings of a lifetime and the foundations of their self-support. The following signed letter reprinted from the Wall Street Journal of October 7, 1941, is an example of how investors feel:

Editor, The Wall Street Journal: The official suggestion that the federal government should take all over 6 per cent of a corporation's net income is one compelling reason why the investors of the nation should be thoroughly organized. Most of them, however, would rather lose their last dollar than exert themselves to save it. But Secretary Morgenthau's ill-advised suggestion has, I think, given me the excuse for asserting myself a little bit. I have never had a salary large enough to require me to pay an income tax, but I have managed to put some savings into the stocks of four companies. Two pay small dividends, one other probably will, but the fourth will not.

In the eyes of the administration I am an "economic royalist," a "prince of privilege" or just a plain anti-social grafter. But in my own estimation I am a public benefactor. How is that? Well, my money is at work making jobs for people who must earn their living.

it is providing the earnings out of which a myriad of tax collectors select what they think they are entitled to; and they are providing the public with the products and services which it must have.

Now let us consider the four companies which I am helping to finance. One is a great railroad bringing iron ore, lumber and grain to the people who need them. Another is a fertilizer corporation which, besides conserving the productivity of the soil, is producing that vitally needed metal, magnesium. The third is a big oil company which is constantly searching out new supplies of fluid energy and the fourth is a prominent machine tool organization whose products are indispensable.

Fellow investors traveling along the road which seems to be leading to a financial black-out, let us too have a class consciousness and organize, and with justifiable propaganda resurrect the long forgotten truth, that the politicians and other non-investing parts of the public owe much to those whose money and brains are providing them with great material blessings.

Concerted Drive to Fight Cancer With Knowledge Started

By Robert Goldenstein

Chicago, Oct. 30—(AP)—A concerted drive to "fight cancer with knowledge"—a movement its sponsors believe eventually may reduce deaths from this cause by nearly 50 per cent—has been begun in Illinois by a group of physicians and health education workers.

Two agencies are working hand and hand in this work—the Illinois division of the women's field army of the American Socie-

ty for the Control of Cancer, and the recently incorporated Chicago Cancer Committee, Inc.

Their principal ammunition is educational circulars and motion pictures stressing that early cancer is curable.

Mrs. A. I. Edison of Chicago, state commander of the woman's field army and a member of the board of directors of the Chicago committee, said in explaining the movement:

"Illinois is one of the black spots in the union. The state ranks among the highest in the percentage of cancer deaths, at least 50 per cent of which might have been cured by early diagnosis and treatment.

"Ignorance and superstition are the greatest enemies of cancer control. Cancer is no longer a death sentence. Our job is to spread the information that most cancer, if diagnosed and properly treated early, can be cured."

The women's field army, which was organized in 1936 to make American women "cancer conscious," recently distributed several hundred thousand pieces of literature and counter cards in Illinois hospitals, library branches, some Y. M. C. A.'s, drug stores and department stores. The cancer film, "Choose to Live" has been shown in schools, churches and before medical auxiliary and American Legion auxiliary groups.

The Chicago Cancer Committee, Inc., was organized to coordinate the activities of various cancer fighting groups in Chicago, disseminate information on the symptoms, diagnosis, treatment and prevention of the disease, to aid indigent cancer patients in finding suitable facilities for treatment and in promoting the establishment of additional facilities where needed.

Record Corn Picker Is Only One Threat To Husking Honors

State Tournament Opens Tomorrow at Farm in LaSalle County

Tonica, Ill., Oct. 30 — (AP) — Young Leonard Klein of Metamora, whose 50.23 bushels of corn picked in 80 minutes was the best mark ever made in Illinois and possibly in national competition, is only one of the dark horses to be watched in the state husking tournament here tomorrow.

Klein's friends believe this might be his year for state and national honors, but four other men in the field of 16 have made better marks this year than the 45.43 bushel Illinois record set last year by Defending Champion Ecus Vaughan of Piatt county.

Vaughan will be shooting for his third straight championship in the state contest, to be held on the farm of Theodore Schaefer two miles west of here. The Illinois winner and runner-up will compete Monday in the national tournament, to be held also on the Schaefer farm.

Klein's 50.23 mark was made in the Woodford county tournament in a field of exceptionally good corn. But, to quote Charley Miller of the Peru News-Herald, "It is all good corn around here and all the boys are used to heavy stands."

Officials of Prairie Farmer,

sponsor of the state and national contests, recognize Klein's mark as the best ever made in Illinois and say it is probably good throughout the corn belt. The national contest record, 46.71, was set last year by the retiring champion, Irvin Bauman, another Woodford county farmer.

Veteran Harvester

Klein isn't a new man in big-time harvesting. In 1939 he was Illinois runner-up and won fourth place in the national meet.

Another strong contender is Leonard Thompson of Cowden, fourth place winner in the 1940 state contest, who turned in an exceptional 48.15 bushel score in the Shelby county contest despite a handicap of deep mud.

The old all-time record for Illinois was 50.03 bushels, set by Clarence Endress of Wyoming, who is No. 3 man on this year's list with 46.03 in the Marshall-Putnam contest.

Others who have exceeded Vaughan's state mark are Albert Ehle of Peoria county, who picked 46.01 bushels of corn in his first contest, and Wilbur Chailand who set a DeKalb county record of 45.44.

In competition, the contestants are penalized for corn left in the field and for husks left on the ears.

Schaefer's fields have dried off considerably and visitors said there isn't enough mud to bother the contestants.

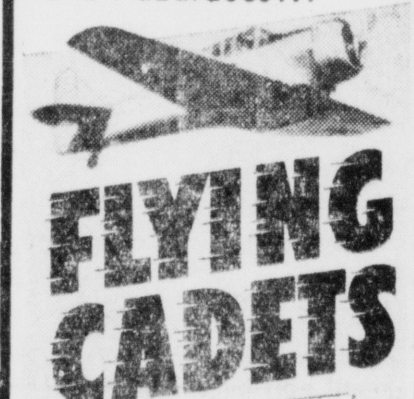

Passenger-car owners drive their vehicle an average of 8196 miles per year.

Set a trap for the rats on Friday. Use Red Squill.

THURSDAY'S TOMFOOLERY

... chesty ... there's a first time for everything ... including a 200 bowling game for Ed Uebel ... and then he has the crust to add it might have been 240 ... what he actually got was a 203 ... hmmm ... he's chesty today about the whole thing ... first time he ever got the breaks in a league game, sez he ... and to add to that he's getting a lot of credit for the super time-exposure of the Lincoln Lanes bowling alleys which appeared in your Telegraph last night.

... speaking of bowling ... and who wasn't? ... 203 was a popular number in the Classic league last night ... four guys got it ... Hartman, Uebel, Bremer and O. Melvin ... repeats included Witzleb with 161-161 ... W. Finch with 124-124 ... Long with 167-167 ...

... homecoming ... Graydon Moll left yesterday for Urbana-Champaign where he will attend the big homecoming program at the University of Illinois this week end ... function include the dedication of the Illini Union building with Governor Dwight H. Green, alumni reunions and the Illinois-Michigan football game ...

... rewards ... the bowlers of the Myers & Nolan outfit had a whooping big time the other night ... as a reward for winning three games ... chicken dinner and merriment at Peter Piper's ... chicken-eaters included Bob Hoyle, John Naylor, Mr. and Mrs. Orville Legore, Lyle Myers, Earl Nolan and Bobby Pfaff ... home by midnight ...

... boom-boom ... beginners and expert shotgun shooters will have a chance to prove their skill at the poultry shoot to be held at Byron Sunday, Nov. 2 ... the shooting field is located at the junction of highways 2 and 72, 1/4 mile west of Byron ... the first clay bird will fly at 9 a. m. and shooting will continue until dark ... the meet is sponsored by the Ogle County Sportsmen's club ... affiliated with the Illinois Federation of Sportsmen's clubs ... all proceeds will be used for the propagation of game birds in Ogle county ... two types of shooting will be offered, trapshooting and stationary target shooting ... every effort will be made to see that the five man squads are evenly matched ... John Cassell, Byron, secretary of the club, is in charge of the affair ...

... early bird ... Em Rorer, this week's guest football picker has his picks in early ... you'll see 'em tomorrow night ... he's out gunning to beat Bob Hill's excellent percentage of .895 made last week end ... and more particularly to defeat Ken Detweiler who counted .789 earlier in the season ... Em declares he had his mind made as early as last Friday about most of the games he picked ...

... pro game witnesses ... Mr. and Mrs. Eldon Myers, Mr. and Mrs. Gene Barrowman and Mr. and Mrs. Earl James are planning to attend Sunday afternoon ... tickets are at a premium ...

... crucial tilt ... that game at Rochelle tomorrow night between the home team and Rock Falls is the biggest event on the docket of the Rock Rier conference this week end ... will determine the champions of the circuit ... Coach Quire of Rock Falls believes his team will win and go through the season undefeated ... and incidentally recapture the 1940 title ... each club has won all its games to date in the circuit ... Rock Falls on the strength of pencil and paper figuring has the edge over the Hubs ... and are favorites to win the game ... but not without a struggle ...

... and in the other loop ... that DeKalb-Sterling game tomorrow will decide the title-winners of the North Central conference ... Sterling is out to repeat the 1940 success, but the Barbs are undefeated in all their games this season ... and are favored to continue their triumphs ... they failed to win a game last year and with practically the same roster of players this year, the Barbs have gone through 'em all ...

... end of the season ... tomorrow night brings the end of the Dixon Dukes' 1941 football season ... in a home game with the Princeton Tigers ... in the season thus far the Dixon varsity has won two of six games ... Princeton has won four of seven ... tomorrow night's conflict is a North Central conference tilt ... Coach C. B. Lindell has named his probable starting lineup as follows: ... Shank, left end ... Weaver, left tackle ... Potts, left guard ... Shiaras, center ... Hoeman, right guard ... Collins, right tackle ... Van Meter, right end ... Loftus, quarterback ... Egler, left halfback ... Weidman, right halfback ... Quilhot, fullback ...

... grand opening ... Ed Worley rolled games of 222-234-187 for 643 in the match game with Sterling last night to open the new Lincoln Lanes bowling alleys east of the city ... Owner Edward Holbrook reports a capacity throng attended the grand opening and all alleys were going until midnight ... in the Dixon quintet's match game with Sterling, the local pinmen won by seven pins ... 2522 to 2515 ... individual locals scores were ... Bob Hoyle 449 ... Dr. R. R. Dwyre 469 ... Ollie Melvin 466 ... and Bill Nixon 495 ... Mayor William V. Sliothower opened the new recreation center as he rolled the first ball ... in the gutter ... second ball picked up nine pins ...

Two Quintets Tied for Lead in Big Classic League

WELTY PINMEN SET NEW HIGH TEAM SERIES

Grocers and Lumbermen Share Lead in the Wednesday Loop

When "sonny boy" climbs upon pappy's knee sometime in the future and asks, "How come the Wednesday night league was called 'classic'?" may be the "old man" will cite that 277 game rolled by Schroeder a few weeks ago and the high team series of 3008 counted by Welty's Pontiacs at the Dixon Recreation last night.

The Welty pinmen were one of four teams to win three games last night as they added up their games for a sweeping total of 3008 and defeated the Beier's Breadmen. Leading the current record holders was Bubrick with a 566 count and J. McCord rolled 473 for the losers.

Wilbur Lumber company also won three games last night and now share the lead with the Shuck's Grocery crew. The lumbermen defeated Boynton-Richards as Wilbur himself rolled 554 for his mates and Hackette counted 509 for the losers.

Williams' Team Wins Three
Williams DeSoto paraded its talents in a three-game victory over Knacks. Topping the "car crew" were Wolfe and Williams, each with 503 on the nose. Klein's 539 was high for the losers.

Old Style Lager moved up a notch with a three-game sweep over the I. N. U. Leading the winners was Tilton with 485 and Schertner totaled 507 for the losers.

Shuck's Grocery won two games (one shy of a chicken dinner) in the victory over Welch & Brader. Shuck had 598 for his club and Ransome led the losers with 497.

Family Liquor Store won two games from Jay's Tavern as Kerley counted 454 for the winners and Ostrander rolled 554 for the tavern team.

United Cigar won two games from Gold Buckle Orange. Leading the smokers was Bremer with a 557 count and C. Hoyle topped the losers with 438.

Bonded Gas and Oil won two games from the Court House. Leading the winners was Gillen with 526 and Schrock counted 484 for the court house.

High games included those of: Hartman 203; Uebel 203; Bremer 203; Ostrander 209; Hoyle 202; O. Melvin 203; Shuck 224-207; Wilbur 201; Klein 213; Bubrick 206; Faber 200.

Green Bay Team Won't Listen to Any Defeat Talk

Green Bay, Wis., Oct. 30.—(AP)—A traveling man walked into the lobby of the Astor hotel where most of the Green Bay Packers lived and started an argument to-day—in fact he started a first class row.

All because he had the temerity to suggest that the Packers were going to be shellacked by the Chicago Bears Sunday.

Those are fighting words in this football-minded town. It is heresy and treason to even think them. From Coach E. L. (Curly) Lambeau down to Tony the bootblack you will hear nothing but optimism over the outcome of the National League game in Chicago.

"We'll beat 'em," bristles Coach Lambeau.

"We'll mow 'em down," adds Tony. And Lambeau continues: "They all are telling us the Bears are a bunch of supermen. That's a lot of hooey. Sure the Bears are a great team. They'll score on us, but we'll score too. We've got a team that's good enough to beat them."

"Made a Few Mistakes"

"The Bears beat us by eight points when we played here earlier in the year. There wasn't much difference in the play of the two teams that day. We made a few mistakes. They cost us the game. We won't make them again. We've come a long way since that game and we've won all our games since then."

"And we'll be up for this one—don't forget it."

You don't have to mingle with the Packers very long to sense the grim determination of the men to win this one. The by-play and clowning that usually goes on in idle time is missing. Players gather in little groups now and study formations and charts. They discuss the Bear formations and plays from the time they get up until they retire after a busy day as any football squad ever went through.

Here's a typical day of a packer in preparation for the game that means so much:

Up at 7 a. m. breakfast. Then to the field where work goes on until noon behind closed gates. Lunch. Back at the field at 2 p. m. for more work. Dinner. Then another meeting that may run far into the night.

Out of it may come the pass which Don Hutson catches, or the plunge that Clark Hinkle makes for the winning touchdown.

Remedy there may be: If students express desire strongly enough, reduced rates on season passes might be forthcoming from other schools, such as Northwestern, logical choice as adopted alma mater where games are big, well-played, colorful enough to satisfy the most rabid follower of the pigskin.

The petitions were offered by five students—William Durka of Waukegan, Ill.; Dick Hill of North Bend, Wash.; Richard Mershon of Fort Madison, Iowa; Dave Heller of Centralia, Ill.; and Gordon Tuller of Rockford, Ill., who declared:

"The Bears would undoubtedly be a winning team, and although we have time for only three more games this season, we could still win the Big Ten championship by whipping Minnesota, Michigan and Northwestern. The Bears could play these games Saturday as a warm-up to their Sunday games."

Approximately 2,125,000 Union troops were engaged in the Civil War.

Bud Ward Leads as Threat to Capture Mexican Golf Title

Mexico City, Oct. 30.—(AP)—In the United States airplanes fly at 8,000 feet, but Mexico is starting its amateur golf championship today at 8,000 feet altitude and with U. S. Amateur Champion Bud Ward already the leading threat.

Ward shot a 67, only one above the course record, in a practice round over the course which lies high above Mexico City. He is one of 15 United States golfers here to join Mexicans in one of the few international golf matches left in a warring world.

Others include Wilford Wehrli of Chicago; Johnny Dawson of Los Angeles; Bobby Riegel of Houston, a semi-finalist here last year and Ward's finalist opponent for the U. S. title; Spec Stewart of Roswell, N. M.; and Fred Perry, the tennis pro who says "tennis is business but golf is sport."

Medal Play
Qualifying medal play today will be over the Chapultepec golf club course, which stretches beside a drill ground where soldiers sham battle throughout the day.

Tomorrow the match play will begin over the Mexico City golf club course, which was a battle ground during a revolution a generation ago, when a battery of 75s in the bunkers near the fourth hole shelled rebels in the club house for four days and where cactus now grows in the sand-traps.

The match play goes into the finals Sunday. John Barnum of Edinburgh, Texas, 1940 champion here, is not scheduled to defend his title.

Also Rans' Have Chance to Win In Pimlico Special

Baltimore, Oct. 30.—(AP)—Two horses that haven't a Hal-lowe'en goblin's chance of coping any 1941 championship laurels match strides today in the Pimlico special, a race in which sportsmanship and color compensate this year for the class that marked former runnings.

Principals in the non-wagering contest over a mile and three-sixteenths for a \$10,000 winner-take-all purse are Market Wise, owned by Lou Tufano, Jamaica, N. Y., contractor, and Haltal, from Royce Martin's Woodvale farm, Paris, Ky.

Market Wise, a three-year-old, and Haltal, four, haven't gone anywhere in particular this year, but they alone, of 15 horses given bids, accepted issue in Alfred Vanderbilt's opening-day feature.

Whirlaway and Alsab Out. The field was left to them because Whirlaway, three-year-old champion, and Alsab, top two-year-old, passed up the race, while Big Pebble, the handicap leader, was injured and others, such as War Relic and Pictor, were given rests.

Thus the race lacks the significance attached to the former runnings won by War Admiral, Sea-biscuit and Challenor—champions all—but the sporting conditions are the same.

Not only does the owner of the winner get the entire \$10,000

NOTRE DAME TO TEST DEFENSES OF ARMY SQUAD

In Five Games Irish Hold Opponents To Only 183 Yards

Chicago, Oct. 30.—(AP)—Notre Dame's football team today scanned the plan of action for Saturday's game in New York, and allowed as how the Army was just another eleven guys in football pads, and vowed to cram rifle balls in the Angelo Bertelli's passes down the Cadets' throats.

Bertelli, the boy with 37 successful passes in 62 tries this year, will finger the trigger again Saturday, which means the Army will have to be ready to jump in this meeting of unbeaten teams.

But Coach Frank Leahy of the Irish expects Army to explode a few passes, too, and so Notre Dame has bent studiously over its books on pass defense this week.

Leahy hadn't planned to scrimmage Notre Dame for this game, protesting he couldn't afford to let anyone get hurt. Then came a chance to see how well the varsity could withstand Army plays as run by the freshmen, and Leahy couldn't resist.

Result: Capt. Paul Lillis, right tackle, and Joe Laiber, right guard were hurt and the Pies made three touchdowns. Laiber suffered a sprained ankle and probably won't play Saturday.

Hold 5 Opponents to 183 Yards
In five games that Notre Dame line, of which Lillis is one of the most unobtrusive but sturdy members, has held its opponents to 183 yards gain by rushing, Illinois netting only 16 yards on the ground last week. Leahy has built up a wall of such strength that not an Illinois tackle or end broke through the double cordon of linemen and backs when Bertelli was poised to pass.

This, couple with Bertelli's amazing accuracy and his uncanny ability to judge the speed of his receiver, has created a weapon strong enough to rate the Irish fourth in the nation on forward passing. That's the barrel of woe that Leahy has primed for Army.

As Purdue's Boilermakers took off for New York today to play Fordham, Coach Mal Elward warned his boys the Rams have "one of the best backfields in the country." ... He's especially apprehensive over Fordham's Steve Filipowicz, a power back.

All Big Ten teams are busy this week, which means Harry Stuhldreher of Wisconsin will be the only conference coach to get a peek at Syracuse's "Y" formation as cooked up by Ossie Solem ... Syracuse's appearance at Madison will mark its only trip west this year.

Indiana carries to Iowa this week a record of 73 points scored in five games this year, or four more points than the Hoosiers scored all last season ... The Hawkeye squad is said to be in the best condition since the opening game with Drake ... Illinois, preparing for Michigan, is at full strength again with the return of Joe Pawlowski, Elmer Engel and Bob Wilson to action ... They have been laid up with neck, shoulder and knee injuries, respectively.

Chicago—Lem Franklin injured his left thumb in stopping Abe Simon in Cleveland. He was forced to cancel a date with Henry Cooper in St. Louis.

N. Y. U. LOSES GUARD
New York—Bill Stoll, reserve guard, fractured his right ankle in the Holy Cross game, so is lost to bruised and battered New York University for the remainder of the season.

purse, but he gains the \$2,500 Maryland Jockey club gold cup as well, and the winner's trainer receives \$1,500 and a handsome plate.

Seventeen-times Champion Ralph Greenleaf of Chicago, defending Champion Willie Mosconi of Philadelphia, Erwin Rudolph, Cleveland, a four-time winner, and Irving Crane of Livonia, N. Y., who has yet to haul down a title, were bracketed at the top, with Mosconi and Crane clashing tonight.

Jimmy Caras of Wilmington, Del., and Andrew Ponzi, New York, held second place.

Rudolph trimmed Onofrio Lauri of Brooklyn, N. Y., 125 to 17 in 18 innings and Ponzi defeated Caras 125 to 85 in nine innings in last night's matches.

LEGAL PUBLICATION

SHERIFF'S SALE
By virtue of an execution and
fee bill issued out of the Circuit
Court of Lee County, Illinois on
the 19th day of July A. D. 1941,
at the instance of William F.
Pitney, Plaintiff, and against
Elsie C. Trumble, defendant, I
have this 14th day of October, A.
D. 1941, levied on all the right,
title, interest and claim of Elsie
C. Trumble in and to the follow-
ing described real estate, to-wit:

The East One-half (E 1/2) of the
West Two-thirds (W 2/3) of Lot
Two (2), in Block Twelve, (12),
in Glibraith's Subdivision of the
West One-half (W 1/2) of the
Northwest Quarter (1/4) of Sec-
tion Five (5), Township Twenty-
one (21) North, Range Nine (9)
East of the Fourth P. M.—More
particularly described as follows,
to-wit, Commencing on the South
line of said Lot Number Two (2),
fifty (50) feet Easterly from the
Southwest corner thereof, thence
Northerly at right angles One
hundred-fifty (150) feet, to the
north line of said Lot Two (2),
thence Easterly on said North line
Fifty (50) feet, thence Southerly
at right angles one hundred-fifty
(150) feet to the South line of
said Lot Two (2), and thence
Westerly on said South line to the
place of beginning;

Subject however to a certain
mortgage held by the Dixon Loan
and Building Association, Dixon,
Lee County, Illinois.

And I hereby give notice by
virtue of the power in me vested
by the said execution and fee bill,
I shall on Wednesday the 5th day
of November A. D. 1941, at 10
o'clock A. M., offer for sale at the
north door of the Court House in
Dixon, in said County, the above
described real estate to satisfy the
said execution and fee bill.

Dated at Dixon, Lee County, Il-
linois this 15th day of October A.
D. 1941.
G. P. FINCH, Sheriff.
